## *Who we are.*

We are a social development company that focuses on enabling clients execute timely data-driven programming and policy decision-making process, through improved human and institutional capacity. We also provide prompt varied SMS-based information to organizations to inform effective delivery of multisectoral humanitarian, relief and development programs, to improve welfare of the vulnerable & marginalized communities.

## *What we do.*

We provide our clients with cutting edge, development-inspired, multisectoral services to enable them do what they do best; support the vulnerable communities.

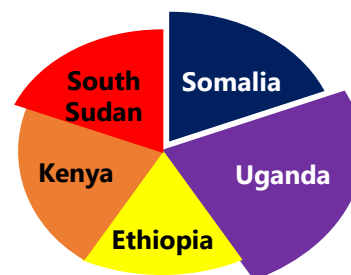

Whether it is provision of SMS-based timely nonprofit grant, programming information, non-interest or low-interest grant for for-profit companies, women & youths empowerment, executive training & human capacity building or EoI opportunities, collections of project design baseline data, designing humanitarian, relief or development projects, managing complex field-based data, writing complex reports, contextual analysis of socio-economic and political prospectus, training staff to optimize outcome, provision of skills on resources mobilization (financial, material or idealistic), conducting assessments, requisite

M & Es, financial management services (auditing, micro-assessments, financial management trainings), we do these with utmost professionalism and result-oriented approach in an atmosphere that cultivates optimized outcome.

We work with nonprofits, foundations, UN Agencies, multilaterals, bilaterals, government agencies & institutions, embassies, INGOs, NGOs, community based grassroot organizations, faith-based organizations, for-profit organizations, cultural organizations and them that need and focus on perpetuating human good.

## *Where we work.*

We work with those working with the local communities, the most affected by protracted conflict, sustained marginalization, repeated droughts, natural disasters, insurgency, cultural impediments, entrenched poverty and limited socio-economic opportunities and systemic segregation. In these, we work through physical presence and remotely in Kenya, Somalia, South-Sudan, Uganda and Ethiopia.
